## THE NEWS OF THE WEEK.

A Daily Resume of Important Happenings.

March 24.

Herman Hammill, a negro, was executed at Columbus, Ohio, after midnight for the murder at Portsmouth of a railroad foreman, Lee Calvert, of Louisville.

In the house of Commons yesterday the Secretary of State for India gave figures on deaths from the plague in the peninsula. These showed that hundreds of thousands of lives had been lost since the first of January from this cause.

It is said that the President has asked Gen. Houser, who was the young brigadier general in the Confederate service, for the office of United States Marshal for a Virginia district. General Houser at present is postmaster at Charlottesville but does not like the office.

At the office of the Council of Foreign Bondholders in London yesterday it was stated that the agreement between the Venezuelan Government and the British and German bondholders had been signed by the representatives of Venezuela and the German bondholders. The agreement is now on its way to London for the signature of the representatives of the British bondholders.

Nothing could be ascertained at the Belgian Legation in Washington yesterday as to the correctness of the statement attributed to resident Morice, of Santo Domingo, relative to Belgium's attitude toward the claim preferred against the republic. It is believed that in a general way Morice is right in appraising that the failure of the Dominican treaty will cause foreign creditor nations to contemplate prompt action looking to the securing of their claims. The department has hopes, however, that the Senate will ratify the treaty when it meets and that complications can be avoided.

The Ministers and supporters of the court who have been urging upon Emperor Nicholas the advisability of making peace proposals to Japan, believe they have been successful and an Associated Press correspondent at St. Petersburg hears that as actual steps toward peace "is imminent, if not already taken." The situation of Gen. Liang-shan's army is again regarded as critical, and reports from the scene of war say that he will need reinforcements of 200,000 men to successfully hold his own against the Japanese. Otherwise, it is asserted, he may be compelled to retreat beyond Harbin and abandon Manchuria to the enemy. He has been ordered to make a stand at Sungaria river at all hazards. A St. Petersburg dispatch says all the women have been ordered to leave Vladivostok. The Japanese are keeping up their pursuit of the Russian army, and the town of Changtu was occupied on the 21st. There are reports which indicate that they are undertaking wide flanking movements.

March 25.

Julius Verne, the author, is dead at his home at Amiens, France, after a long illness of diabetes.

Don Manuel Aspiroz, the Mexican Ambassador to the United States, died yesterday in Washington after a lingering illness.

A mob of 2,000 men made an attempt to lynch a motorman in New York because his car had run over and killed a four-year-old boy. The motorman was rescued by a detail of police.

Representatives of the American colony in London gave a dinner to H. C. Evans, retiring Consul General to London, yesterday. In reply to complimentary speeches Col. Evans said among other things that he was "going home to God's country."

Details regarding prices for cattle and dressed beef, and the question of possible rebates given by railroads, are said to be the principal objects to which the Government attorneys are directing their attention in the Beef Trust inquiry at Chicago. An investigation is also proceeding in New York.

President Castro, of Venezuela, has replied to Minister Bowen, flatly refusing to submit to arbitration the differences between Venezuela and the United States. It is stated in Washington that no drastic action in the matter is contemplated and that the United States Government will await developments.

The body of Mrs. Jane Stanford was laid to rest in the family mausoleum at Leland Stanford University yesterday. Thousands of mourners attended, and there was a wealth of floral offerings from all over the country. Ministers of several denominations, including the rabbi of Temple Emmanuel, San Francisco, took part in the services.

Stanley Francis, alias Arthur S. Carter, was arrested in Philadelphia yesterday on the charge of using the mails for fraudulent purposes. He is alleged to be the promoter of many "get-rich-quick" schemes, among them being the Roney Cotten Company and the Provident Investment Company. He was held to answer in \$100,000 bail.

The testimony in the hearing of the applicant for bail by the Hargis

and Calhoun was concluded before Judge Parker at Lexington, but decision was reserved until to-day or Monday. Elbert Hargis, one of the defendants, denied all connection with the assassination of James Cockrell, saying that he did not even know that Cockrell was in the town of Jackson until after Cockrell had been killed.

In Bankruptcy Court proceedings at Cleveland Mrs. Chadwick stated that the total amount of her indebtedness will not exceed \$750,000. Of this she says she received only \$517,000, leaving 233,000 for commissions to money lenders. She said that she owes \$200,000 to certain banks in Cleveland and that her indebtedness in Pittsburgh is about 225,000. The hearing was postponed until Thursday in order that certain papers bearing on the case might be procured in a number of cities.

March 26.

Maurice Barrymore, the actor, died yesterday in a sanitarium at Amityville, Long Island. He had been in failing health for several years.

The American squadron departed from Havana yesterday, the departure being the occasion of a remarkable demonstration of good will by thousands of Cubans.

Four more bodies were recovered yesterday from the Utah mine, the scene of the disastrous explosion of a week ago. Several other bodies are yet to be found.

President Castro, of Venezuela, is said to be manifesting strong hostility to French and American interests and a dispatch from Paris says the French Government is desirous of conferring with the United States with a view to taking some concerted action.

The American evangelists who have been holding the great revival in London declare that the success of the mission has exceeded their most sanguine expectations. Over a thousand converts, they say, have publicly professed religion, and thousands more have privately acknowledged the spirit.

Monseigneur Rouvier is said to strongly approve the establishment in Paris of a Franco-American financial institution. The action of the heads of certain American insurance companies, in attending the Bourse by purchasing \$4,000,000 of rents in a day during a period of financial stress, while the religious agitation was at its height, made a great impression on the French Premier.

The Court of Appeals adjourned for the January term, after disposing of a number of important cases. Judgment of the Harrison Circuit Court, sentencing Curtis Jett to be hanged for the murder of James Cockrell at Jackson, was reversed and the case remanded for a new trial. The case of Caleb Powers goes back to the Scott Circuit Court for a fourth trial.

The State Department has received a cablegram from Minister Dawson at Sao Domingo, which is said to give information concerning a tentative agreement he has endeavored to negotiate on his own initiative for a settlement of the present acute phase of the Republic's fiscal troubles. In substance the plan contemplates the nomination of an American commission to collect the revenues of the island and retain 55 per cent. of the same in trust for the purpose of paying Dominican debts, should this treaty finally be ratified by the Senate.

March 27.

The Southern iron trade is reported to be in a better condition than at any time for the past five years.

Twenty-six thousand aliens arrived last week in the United States. At least 22,000 are expected to arrive this week.

Mexico's new monetary system will go into effect May 1. The mint will be closed April 16 to free coinage of silver.

A financial collapse is threatened in China through the mintage of debased copper currency whereby provincial officials have reaped great sums annually.

The Tobacco Growers' Fair and Pure Food Exhibit Company propose to hold a tobacco and grain fair next fall at Lexington, at which prices aggregating \$10,000 will be offered.

The Rev. Dr. Washington Gladden, pastor of the First Congregational church of Columbus, O., in a sermon endorsed John D. Rockefeller, and advised against the acceptance, by the American Board of Missions, of his gift of \$100,000.

The establishment in Kentucky of independent oil refineries is talked of by promoters, who claim that they have a process by which they can refine oil cheaper than the Standard Oil Company, and that they have sufficient capital to make the undertaking a success. There has been an increase in activity the past week in the Kentucky fields, and the outlook is encouraging.

Peace talk continues to be heard throughout Europe, and the Russian Council of Ministers is agreed that the time is opportune. Japan is said to be willing to make peace provided Russia abandons her term of years

its programme for the rehabilitation of the navy. Otherwise, it is claimed, it will not be peace, but merely a truce. Meanwhile the armies remain inactive and the Russian retreat continues. A strong argument for peace is the growing unrest of the merchant and commercial classes of Russia, who are joining the Liberal party, demanding first peace and then a Constitution.

Moore's on Little Blaine and after a good supper and breakfast at this hospitable home we went to Squire Berry's law where the majority of 77 cases were tried. Then I went to Brushy, to Blaine then home and found John Burns and Frank Johnson here shaking hands with everybody.

Shake Woods is not so well as for the past few days. A great deal of grip and other sickness here keeps Doc Thompson riding all the time. Mrs. Osborn is here on her return home to Laurel Hill. Mr. Cox and three children are here on their way to their home on Blaine. John Witten, of Willard, is a visitor here today and reports fine clay work there under full tilt. Fletcher, deputy Sheriff, was here today. He makes the boys scatter. Henry Johnson has gone to Grayson. Hens Moseley, of this place, was killed in the West Virginia coal mine explosion last week. His father went after his remains Wednesday.

Doc Gamblit and wife were here on their way from Louisville to their home at Blaine. Also, Charley Holbrook and Mr. Glas, hat makers. A lumber man arrived Wednesday to load out lumber for Fischer. Miss Nan Sheppard went to Ashland today. Miss Morris, of Blaine, was here going to Ashland. Uncle Tip took his wife to Doc Huggins at Olive Hill for treatment, and met our old townsmen, Ben Cassidy and Dr. Case. She is doing a land office business in his grocery and he and his family are well pleased. Dr. Case gets plenty of work and is much pleased with Olive Hill which is a live business place and is coming up fast and will make a city in the near future. I hear of two more Lawrence county men who are going to move to Olive Hill. Your scribbler will be back to Webbville Monday and give you next week's news.

Best wishes for the NEWS and Louisa people.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. The Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Dr. Williams' Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundations of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo, Ohio. Sold by all druggists, 75 cents. Take Hall's Family Pills for constipation.

DAVISVILLE.

Farmers are getting busy sowing oats in this vicinity. Miss Vian Pack visited her daughter, Mrs. M. A. Davis, Saturday. Wallace Sawyer was on a ramble Sunday night. R. M. Justice and Lee Reed were fined \$5.00 each for letting their hogs run at large in Precinct No. 4. This should be a warning to the owners of the good people on said precinct. The case against Sam Caudill for loaning road tools laid over until the next regular term. R. V. Nickell has gone to W. Va. M. A. Davis eyes are worse at present writing. After attending two months of the Blaine Normal, Amos Davis and wife have returned home. Milton Harris has pneumonia. Uncle Tol.

ROYAL BAKING POWDER ABSOLUTELY PURE

MATTER.

Weather is fine and farmers are very busy preparing for a crop. W. T. Jordan and wife are back on our creek from Columbia, Ohio, on a visit, but are going back in a few days. Sorry to have them leave us. Uncle Harry Chaffins, who has been very sick for some time past, is getting much better. Luciphe has been raging on our creek. Most of the folks are getting better. Will Johnson, of Georges Creek, was on our creek the other day. Born to B. Z. Hays and wife on the 17th, a fine boy which only lived a short time, and was buried in the All Hays graveyard. Married, on the 16th, Jerry H. Moore, of Mattie, to Miss Tella Borders, of Charley. May peace and happiness attend their lot. Jay Hays, of Mattie, is talking of going to Washington in the near future. Sorry to have him go. Jay is a nice, honest, sober boy and is liked by all who know him. Jeff Ball is working in the seed sower again this spring, but no accident yet. Cren Flays was visiting Freestie Berry recently and J. B. Moore, Sr., later on. Uncle Johnny Cordle and wife were visiting their son, George, last Saturday and Sunday. Also, Doc Childers was at J. D. Moore's last Sunday. W. H. C. McKinstler is having a new house built where his house was burned. H. F. Moore is clearing a nice piece of new ground this spring. Also, G. V. Ball, Jr., has a fine new ground ready to burn off. T. W. Ball and D. M. Moore made a business trip to Louisa recently. Rev. J. H. Sturge preached a very interesting sermon at Mattie on last Sunday from the text "Almost but persuade me to be a Christianian." Our Sunday School is progressing nicely with D. M. Justice as Superintendent. Rose Moore attended Sunday School at Mattie last Sunday. Two Boys.

Let me say I have used Ely's Cream Balm for Catarrh and can thoroughly recommend it for what it claims. Very truly, (Rev.) H. W. Hathaway, Elizabeth, N. J. I tried Ely's Cream Balm and to all appearances am cured of catarrh. The terrible headaches from which I long suffered are gone. W. J. Hitchcock, late Major U. S. Vol. and A. A. Gen., Buffalo, N. Y. The balm does not irritate or cause sneezing. Sold by druggists at 50 cts., or mailed by Ely Brothers, 56 Warren St., New York.

PATRICK.

Mrs. Ira Estep and Mrs. Ballard Price are each on the sick list. Miss Grace Estep, who has been sick for some time, we are glad to know is able to be out again. Morgan Price, we are sorry to say, is no better. Jeff flunkie and wife and little daughter are visiting Mrs. Vanhook at this place. Mrs. Aggie Boyd is calling on her sister, Mrs. Tilly Burgess. Chas. Boyd and wife, of Whitehouse, have been visiting relatives here. Mead and Patrick are working in the saw mill business with renewed energy. Mrs. A. J. Dale spent Sunday with Mrs. William Murray. Julia Williamson and wife have been visiting her father, stables Boyd. Elder T. J. Collins, of Stika, is holding a protracted meeting at this place with wonderful success. Elder Roscoe Murray is expected home from Painesville Saturday, to attend the meeting. Elder Collins is called the boy of Painesville, and Elder Murray the boy of Zion Association. Suffice to say these gentlemen are fast friends and very frequently labor together. Uncle Hugh Boyd and wife are both on the sick list.

Road Question.

Mud is drying up a little, but has not changed our notion regarding pikes—hard roads. But since we can only have just what we can pay down for and since we haven't the money as some one says, we must just go wading the mud. Had Patrick Henry said in his great speech in the Continental Congress "Let's wait until we get more money and just have what we can pay down for." I wonder if we folks would be enjoying the freedom we now enjoy. Would it have been fair for our good old patriotic fathers to sacrifice their means, and pay all the expense of the Revolution, and some of them die before the republic was organized, and leave the dearly bought freedom for us to enjoy without our paying one cent? Was it best for them to have just what they could pay down for? or was it best to gain freedom at any cost and let those who enjoy the good effects of freedom pay off the debt.

We mountain folks are continually being spoken of as "degenerates," as "behind the times," as "Fogies," and the good Lord only knows what all and all simply because each time there is a mention of improvement or an onward march of progress anticipated, some moss-back fellow is to say—"wait awhile" wait awhile! "Procrastinate!" "Procrastinate!" and thus go along continually and forever behind time. Taking the stand that we should only build so much hard road as we can pay down for. Would it hurt us to collect a road tax and in a short time be able to build a few good roads away.

About the only person it would hurt the "miser" I mean the man that it just about takes his life to go down in his pocket each year and get a few cents for public improvement.

If there is no statute providing for such a road system we would like to know how our sister counties living under the same law in the same state, and under the same legislative power, came in possession of their roads. They just simply had the "nerve" "grit" and were not afraid to use the greenback.

When our school term was made six instead of five we heard how good the cry raised in opposition by some of our citizens, but the six months stayed just the same. Now when the subject of better roads is being discussed some fellow mourns and cries for fear of a few cents, (more than anything else) but we are willing for each man to express his opinion, and accord to each individual the same privilege we want to retain for ourselves. Give us a vote and let see how each voter thinks about the matter.

No need of Lawrence being behind on moment. Just take courage boys, cheer up, pick up grit, and let us not fear just a little greenback and suppose we try one road through the county anyway.

CURED MEMORABLES OF THE LUNGS.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. Sold by Louisa Drug Co.

Special Clubbing Offer.

An arrangement has been made by the NEWS by which, for a limited time, we can furnish the Cincinnati Weekly Enquirer and this paper one year for \$1.50. Those wanting to take advantage of this offer should do so as soon as possible, as we do not know how long the arrangement will last.

INFAMMATORY RHEUMATISM CURED.

William Shaffer, a brakeman of Denison, O., was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to stand or walk, and in one week's time was able to go to work as happy as a clam." For sale by A. M. Hughes.

POTTER.

Moving seems to be the order of the day. It has been moved to Greasy. Little Skeans has moved into the H. M. Dalton property. Mr. Adkins, from Call, has moved to our branch. Mrs. E. J. McHorn has moved to Dry Fork. Rev. Mark Miller preached a very interesting sermon here Sunday and left an appointment for the third Sunday in April. J. J. Fay and J. L. Rogers are here loading lumber and ties. J. C. Copley and Miss Dora Sautter, both of this place, were married last Wednesday. They have our best wishes as they are both dear young people. Quite a number of drummers were here last week. Albert Copley has been sick for the last few days. Doc Blecher has finished sawing at this place and will soon move his mill. XYZ.

KIDNEY TROUBLE CURED.

General Health Greatly Improved by Pe-ru-na.

MRS. FRANCES MATOON.

Mrs. Frances Matoon, Treasurer of the Minneapolis Independent Order of Good Templars writes from 12 Sixth Street, Minneapolis, Minn., as follows:

"Last winter I had considerable trouble with my kidneys brought on after a hard cold which I neglected. One of my lodge friends who called when I was ill told me of a wonderful medicine called Peru-na. I had no faith in it, but my husband purchased me a bottle, and asked me to try it. It brought me most satisfactory results. I used three bottles before I was completely cured, but I have had good cause to be grateful, for not only did my kidney trouble disappear, but my general health improved and I have been in good health ever since. I would not be without it for ten times its cost."—FRANCES MATOON.

This experience has been repeated many times. We hear of such cases nearly every day.

Mrs. Matoon had catarrh of the kidneys. As soon as she took the right remedy she made a quick recovery.

Judge Thos. H. Paynter is now actively in the race for United States Senator, to succeed Mr. Blackburn. If he loses it will be his first defeat in a long political career. He is too good a politician to enter a race in which he had not figured himself a winner.

The Court of Appeals has granted a new trial to Curtis Jett, the Hecathitt county outlaw convicted of assassinating J. H. Marcus. It is a lamentable fact that an assassin cannot be punished in Kentucky. Thus far, no court has succeeded in so conducting a trial of this kind that the Court of Appeals has not granted a new trial.

20,000 foreigners arrived in the United States last week. There is no greater menace to our country today than the admission of all the degenerates that want to come here. It is a great pity that Congress cannot rise above the fear of politics sufficiently to place the necessary safeguards around the welfare and liberty of the United States.

G. W. Handley, who has been confined to his room with a broken leg, is improving. Mrs. Ella Queen is reported to be convalescing. Mrs. Lizzie Cunningham is still in very poor health. L. D. Webb, Esq., of Glenwood, was at V. B. Shortridge's Sunday. Mrs. Hattie Hammond visited her father, Wm. Howell, last week. Mr. and Mrs. Walter Miller were the guests of Mr. and Mrs. C. T. Miller Saturday and Sunday. Harry Queen and wife passed down Little East Fork Sunday. Rob. Yates, of Fort Gay, Va., was here Sunday. Miss Ethel Dean, of Tusculum, was the guest of Miss Nora Shortridge two days last week.

A very quiet wedding occurred here Thursday, the contracting parties being J. C. W. Dean and Miss Minnie Miller. Mr. Dean is a young man of most excellent habits and is very popular. He was once a teacher of the school but is now engaged in insurance work. Miss Miller is the beautiful and accomplished daughter of Mr. C. T. Miller and is very popular. Their many friends wish them a success in life. Samuel L. Cunningham, of Central City, W. Va., is visiting his sister here. Messrs. Joe and Isaac Cunningham were at Louisa Saturday.

**A DESTRUCTIVE FIRE.**  
To draw the fire out of a burn, or heal a cut without leaving a scar, use DeWitt's Witch Hazel Salve. A specific for piles. Get the genuine. J. Tucker, editor of the Harmonian, Centre, Ala., writes: "I have used DeWitt's Witch Hazel Salve in my family for piles, cuts and burns. It is the best salve on the market. Every family should keep it on hand." Sold by Louisa Drug Co.

**IRAD.**  
The farmers in our vicinity are busy preparing for sowing oats and planting corn. Wm. Burton has sold his farm and is preparing to move to Louisa. We are sorry to have them leave us. Mrs. Polly Prince and son, Dock, have moved from here and located in Ashland. D. W. Burton has moved into the house vacated by Mrs. Prince. Mrs. Cynthia Berry, of Irish creek, visited her parents here recently. Mrs. Sue Carter, of Sand branch, visited her parents here a few days ago. There will be church at Walnut Gap the first Sunday morning in April by Rev. Wm. Copley. Mistle.

**STARTLING MORTALITY.**  
Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, R. King's New Life Pills. M. Flannery, of 111 Custom House Place, Chicago, says: "They have one hundred and twelve thousand for market this year. Little is a hustling little man. It looks as though the boom and timber on the mouth of Rockcastle are in a critical shape if there should happen to be a sudden raise in the creek. Howie and Dan Ratcliffe have a fine lot of cattle contracted to parties down in the grazing region. They are looking for the contractor the first of the month. Up Tag News Day.

**CLIFFORD.**  
The Concord church at Myrtle school house had the largest attendance Sunday that we have had since Christmas. Our sick are improving with the exception of grandma Saimon. She is eighty five years old. Myrtle Sunday School expects to open next Sunday. All are invited to attend. The funeral of Trolly Curry will be preached the fourth Sunday in May at the home place. J. W. Copley, the protestant Methodist preacher, who was assigned the Meads Branch Circuit will try to fill his appointment the remainder of the year. Wayne Jurell died at his home near the head of Last Creek last Wednesday leaving a wife and two children. He was buried in the Knights of the Golden Rule of Preston, W. Va. The waylaying and shooting of the tunnel watchman, James Jarrel has caused considerable stir in our neighborhood and it is thought there will be some parties presented. Grover Lytle while under the influence of whiskey Thursday, went to the home of Amos Hickman and violently threw stones in the house which contained the Hickman family and struck one of the children. Hickman got his shot gun and would have shot Lytle had it not been for the noise of his gun broke. He then seized axe and striking Lytle above the eye fractured his skull. There is still three open wounds in this corner of the county and the drunkards are giving us seriously as much trouble as King Pharoah did the Israelites. Our troubles are getting heavy caused by the selling and drinking of spirituous liquor. We have tried with them for money but no money is shown us. We have appealed to our officers for protection but it has failed to be granted. Now it remains for us to ask Providence what is going to befall us. In reply to our last inquiry we are told as taxpaying citizens to stand side by side and select in our corner election officers that will break up every whiskey den in Lawrence county regardless of friends or foes. Richard Williamson became so enraged Sunday under the influence of whiskey that he went to Vida Copley's and threw stones in the house knocking down door and driving the inmates from their home. One of the parties fired a shot upon turned on Richard, drew a revolver and would have shot him had it not been for his brother running to the rescue who in a tumble with Richard received a painful wound in the elbow which giving him considerable pain. William Hall is getting out of Rockcastle quite a lot of ties. Says he has one hundred and twelve thousand for market this year. Little is a hustling little man. It looks as though the boom and timber on the mouth of Rockcastle are in a critical shape if there should happen to be a sudden raise in the creek. Howie and Dan Ratcliffe have a fine lot of cattle contracted to parties down in the grazing region. They are looking for the contractor the first of the month. Up Tag News Day.

**KETCHUM.**  
Our notary, Adam Harman, has been suffering very much the past week with la grippe and is under the treatment of Drs. Hix and Carter, of Fallsburg. He is some better, and we hope he will soon be out. Uncle Andy Cooksey and Garret Short were visiting Adam Harman Saturday. Uncle C. W. Jones, W. C. May, Mrs. Susan Hibbitt, Mable Shortridge and Henry L. Porter visited Adam Harman during his recent illness. Jonathan Cooksey and family have returned home from Logan county, W. Va., where he has been at work since last August. Mrs. Nancy Measer, of Mountain Grove, Va., is visiting his sister, Mrs. Betty May, on that this week. Johnnie Burns, a fine little candidate for Sheriff, was on our creek last week. Thus large, another candidate, passed down our creek last week. Joe Cunningham and Frank A. Johnson have been on our creek recently, but have only one vote. V. H. Harman and children were visiting John Short Sunday. Nehemiah Burton passed down our creek Sunday enroute to Hush. Uncle John Hixkins contemplates farming Mattie Shortridge's land this summer. Dr. Jay Carter was called to see Mrs. Mary Porter last week, who is suffering from scurvy. Aunt Jane Carter was the guest of Mrs. Paulina Haws Sunday. Mart Shortridge and wife were visiting R. H. Shortridge and wife Sunday. Wm. Riley was the guest of A. Harman and wife Sunday. Bennie Queen of Estep, was here Sunday. John Rice and wife were visiting at John Towler's Sunday. Ben Davis and wife were visiting at R. L. Towler's Sunday. Milton Humfield has moved to the farm of R. L. Towler in the house recently vacated by John Fannin. Mart Shortridge recently sold to H. L. Porter a good milk cow. We are glad that our good old mossback Country Greenhorn has at last come from under the round vine himself and is making the "P" to come to church. May he keep his good begun work until he becomes a useful man in our country.

## One Canning Factory

Louisa's prospects are not so good for two canning factories as they appeared to be ten days ago. The Hastings Industrial Company has shipped its plant, which came here in one car, to some point in Arkansas. The representatives sent here by the company have departed, and the only activity in the canning factory line is being displayed by the Louisa Canning Company.

The latter company is now having the foundation for the factory put in, and the lumber for the building is being placed on the ground. Orders are being placed for everything needed and the work will be pushed with all possible haste.

A few more contracts for tomatoes are desired. Those desiring to get the benefit of this cash crop should apply at once for a contract. The company binds itself to take all the products grown on the acreage contracted for, so that the farmer takes no risk of loss on this account. It seems strange that almost every farmer within reasonable distance of Louisa should not put in more or less acreage of canning crops, as it brings them quick returns in cash, and much more per acre than corn will do.

This canning factory can handle \$20,000 worth of products from the farmers within a radius of ten miles of Louisa this season if they will produce it. This would be \$20,000 in cash more than they have been making, as it is a market for a class of products which our farmers could not heretofore find a market for in quantities. We have heard a prediction that our farmers can not be depended upon to do the work, but we have a better opinion of them than that, and we are anxious to see them justify this good opinion.

The following is taken from the religious Thought department of the Pennsylvania Grit:

"When some genius equal to the task of writing a history of beauty appears, men and women will find a perpetual charm in its glowing pages. It will contain a page of joy, a page of sorrow, a page of peace, a page of war, a page of love, a page of hate, a page of poetry, a page of art. But it will contain many pages developing this thought—the tragedy of beauty—Rev. E. F. Shannon Methodist, Brooklyn, N. Y."

All parties having contracts with the Canning Company for tomatoes will please call on Mr. Chesterfield or at Snyder Hardware Co's Store in Louisa at once for tomato seed and the printed instructions as to tomato seed ought to be planted this week or next.

Bean planting should begin about May 1st and continue until May 20th. Give this prompt attention.

Louisa Canning Co.

W. N. Sullivan, the grocer, has broken the record in the business of handling home grown potato-onion sets. He has bought and sold about one hundred bushels. Many of the shipments went down the river. When our farmers get to producing an excess of crops of various kinds so that shipments may be made to other markets, the supply of money will be much more plentiful.

The following names were handed in through mistake on the delinquent tax list last week, the parties having paid deputy Sheriffs who failed to report it:

William Martin, Jennie Hatfield, Rot Rayburn, Hester Hatfield, John R. Wilson, Len Parks, Andrew J. Brown Wells & Perry, Forest Holbrook, Garret Hammond, Mart. Lacey, Noah Peters.

J. C. Thomas returned Saturday from Evansville, Ind., where he went to complete arrangements for a plant to be used in the construction of Look No. 1 on the river. Almost all of the machinery to be used there will be new. A small force is already at work at the site. A. M. Kennedy, of Kavanagh, will be inpector for the government on this Look.

Daniel McKay, the competent superintendent for the Baker Contract Company, is beginning to get things in shape for the season's work at Levisa Look No. 1, near Gallip. Some of the machinery is already on the ground. John M. Rice, who has been with the company on their Kavanagh work, will remain with them this season and be located at Gallip.

Last Friday evening was very pleasantly spent at the home of Miss Jane O'Brien by about thirty of her friends. A mock wedding, with John G. Hurn as groom and Miss Jane O'Brien as bride, was a prominent feature of the evening's entertainment. Various games were played, delicious refreshments served and a most enjoyable time was had.

The name of Thos. Hayton, which appears in the list of Sheriff's sales for taxes, should be removed therefrom, but notice was not received until the fourth page of the paper had been printed.

Also, Ira Vanhorn's name should not appear. The property did not belong to him when assessed.

Mrs. N. D. Walcott will open an ice cream parlor Apr. 20 at her old stand next door to J. B. Crutcher's.

Millard Fyffe has been appointed postmaster at Irtig, this county, and Lafayette Wellman at Prosperity.

We are sorry to hear that Chas. R. Johnston, of Thacker, W. Va., had a finger cut off and his hand otherwise injured a few days ago in the saw mill that he is operating at that place. His father-in-law, Wm. Carey, left for that place yesterday.

## BRIDGE LETTING.

Bids Opened for the Louisa & Fort Gay Bridge.

At the appointed time on last Tuesday the directors of the Louisa & Fort Gay Bridge Company met at the court house and opened the large number of bids that had been submitted on the proposition to build a bridge, or rather two bridges, to connect Louisa with the "Point" and with our sister city of Fort Gay, W. Va. About fifteen representatives of bridge companies were present.

The bids showed the West Virginia Bridge Company's figures to be the lowest on the super-structure, and T. H. Roberts, of Louisa, was the lowest bidder on the piers.

The aggregate of these two bids is \$29,145.00. The bridge company's bid was slightly above \$27,000 and the piers will cost \$2,000. The highest bid on the bridge complete was \$37,000.

The directors are taking a little time to consider a proposed change before closing up the contracts. It is expected, however, that the matter will be finally closed within a short time, so that work may start as soon as possible.

There is much enthusiasm on the subject of the bridge, and the directors say the prospects are that the stock still unsubscribed will not last long.

The Mt. Sterling Gazette says: On last Friday Dr. J. F. Reynolds, of this city, assisted by Doctors Shirley and Willis, performed one of the rarest and most dangerous operations known in Ophthalmic Surgery. It consisted in removing a fibroma from the head of Lizzie Kidd, a colored woman living with Mrs. Hawes Lane, on Owingville pike.

The fibroma is a tough fibrous tumor growing in the upper part of the nasal passage, and extending out across the face. In this case it had grown so large as to close both sides of the nasal passage, destroying the sight of the left eye, and cause the eyeball to almost protrude from the socket. One of the highest medical authorities on this peculiar malady records twenty-one cases, three of which died on the operating table, while the fourth died from hemorrhages in less than twenty-four hours, which makes the mortality extremely large.

In the case above cited the patient is recovering rapidly and will be able to return to her home in a few days.

Republican Primary June 17th.

The Republican Executive Committee of Lawrence county met here last Saturday and decided upon a primary as the method for making nominations for county officers. June 17th was selected as the time for holding the primary.

If there are any more prospective candidates it is time they were getting into the race.

Lock Tenders Appointed.

James Pigg, who has been frantically looking for a lock tender at Louisa ever since this lock was put into operation, has been appointed Chief tender at Dam No. 2, at Kavanagh. Chas. Rice has been appointed to one of the vacancies in connection with the Louisa lock, and Matt Howe gets the other place.

Those who got to the market at Catlettsburg with timber recently report very unsatisfactory prices and movements. It is charged that the buyers there combine to run the price down and that the people are at their mercy. It is also said to be very difficult to get honest measurements.

## The Burchett Residence Sold.

Major D. J. Burchett has sold his handsome Lock Avenue residence and four acres of ground surrounding it. The deal was made last Monday at Mt. Sterling by F. H. Yates, the irrepresible, irresistible, indefatigable real estate dealer of this place. The price was \$5,000.00, spot cash. The property has been transferred to Dr. T. D. Burgess, of Mewan, W. Va. While here recently he saw the property and looked it over, and afterward decided that he would like to own it. He has, so we are informed, no definite plans as to the use of the property, further than that it will probably be offered for rent. He has no intention of leaving his present location any time soon.

Deserters Arrested.

About the beginning of the Spanish-American war Levi Miles, son of Ben Miles, who lives on Blaine, this county, enlisted in the army. After serving a few months he was furloughed on account of ill health and came home. His bad health continued, so he says, and he never went back. Recently the names of several from this section who are said to have deserted, were furnished to some one in Johnson county who has caused the arrest of several alleged deserters. Among these is Miles, who was arrested Wednesday and brought to Louisa. Here he was turned over to the Johnson County party who will return him to the nearest military post which is Fort Thomas.

To Democrats of Lawrence Co.

It is with a deep feeling of interest in the welfare of our county that I write this.

There is a man before you asking the Democratic nomination for Sheriff of Lawrence county. The man whose name I take pride in mentioning is M. G. Thompson. He is a man who has labored in the summer sun and in the winter snow, and who has labored in the summer sun and in the winter snow, and who has labored in the summer sun and in the winter snow.

Mont has all the qualifications that any man needs for the office of Sheriff. He is the right man in the right place. As to honesty and integrity it is only necessary to say that in these scales he has been weighed for years, both by his Democratic and Republican friends, and is not found wanting. True to his own interest and those to his friends, loyal to his party and true to the interest of his county, which now seeks an opportunity to serve.

If these be not enough to commend him to his countrymen I know not what characteristics to mention. In him Lawrence county would have a Sheriff whom she might justly be proud if recognized by his party, when the final choice is to be made, there will roll up from Georges Creek, Little Blaine, Dobbins, each Orchard, and Wilbur such a Republican majority as will prove the wisdom of what is here spoken. I venture to say that Mont Thompson will get more Republican votes if recognized by his party than any other man in Lawrence county. Give Mont Thompson that nomination and remain loyal to him as your standard bearer and the Republican party will elect him Sheriff of Lawrence county.

A Republican.

Mrs. J. B. Billups died at her home near Cassville last Friday, after an illness of several days. Her funeral took place Sunday and was attended by several from this place.

The body of Mrs. Matilda Cragar was brought here and taken to her former home on Blaine last Monday for burial. Her death having occurred at West Jefferson, O. Her three sons, Sherman, Heuben and J. P. Cragar, of Ohio, attended the burial.

NOT A PATENT MEDICINE

Hymel the Guaranteed Catarrh Cure Prescribed by Physicians.

No one should confound Hymel with the patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their consumption is secret, but Hymel gives its formula to all reputable physicians.

Its base is the valuable eucalyptus oil, famous for its antiseptic qualities. This is combined with aromatic and healing gums and balsams, making a pure liquid, which when used in the Hymel pocket lubner, fills the air you breathe with germ-killing, disease-destroying and healing powers that kills all catarrhal germs there may be in the throat, nose and lungs.

How foolish it is to try and cure catarrh by swallowing tablets or liquid. The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hymel.

This treatment has been so successful, curing 99 per cent. of all who have used it, that Hymel is now sold by A. M. Hughes under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hymel. If it did not possess unusual powers to cure, it could not be sold upon this plan.

The complete Hymel outfit costs \$1.00 and comprises an Inhaler, a bottle of Hymel and a dropper. The Inhaler will last a lifetime, and additional bottles of Hymel can be obtained for 50 cents.

## Unhappy Women!

Woman can be happy when her health is perfect. No woman can be happy who is suffering from any disease of the delicate woman's organs. Nervous, sleepless, fretful, in body and mind, she does not only suffer.

There is a half a million such women who find a perfect and permanent cure in their distressed condition in the use of Dr. Fennell's Kidney and Backache Cure. It is a powerful medicine, so perfectly restores them to health and comfort.

There is no alcohol in "Favorite Prescription," neither does it contain opium, cocaine, nor any other harmful drug. It is the strictest sense, an honest, unadorned medicine. Its ingredients are of the most delicate constitution. It is not a hypnotic, or over-powered, into accepting a substitute. The medicine has a record that is worth more than any difference in price.
